

June 6, 2023

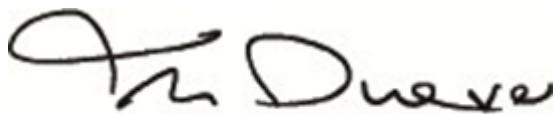

Dear Daniel Avella Ordonez,

I am pleased to inform you that your academic performance in the Computer Engineering program this past year has earned you a place on the 2022-2023 Dean's List in the Faculty of Engineering and Architectural Science.

Congratulations! This special recognition of outstanding academic achievement reflects considerable effort and ability and should be a source of great personal satisfaction. We are so proud to have bright, creative students such as yourself as part of our faculty.

I commend your accomplishment, and encourage you to continue your efforts to maintain this level of performance in your future studies.

Sincerely,

A handwritten signature in black ink, appearing to read "Th Duever". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Dr. Thomas Duever

Dean

Faculty of Engineering and Architectural Science
